### Level

elementary

### Time

45 minutes

### Preparation

one photocopy, cut into parts A and B, for each pair of students

### Extra notes

There is a variety of structures here that students would generally cover in an elementary-level course book. Therefore, this activity would be appropriate at the end of the elementary level. It could also be used at pre-intermediate level for revision.

## Warm-up

- ① Ask students who their favourite film stars are.
- ② Ask what kind of information they like to know about their favourite film stars. Collect some key ideas on the board, for example: *age, brothers and sisters, pets, favourite music*, etc.
- ③ Explain to students that they are going to read about Daniel Radcliffe, the actor who plays Harry Potter. Ask them if they know, or can guess, any of this personal information about him.

## Main activity

- ① Put students into pairs and give each pair Part A of the activity sheet. Ask students to read the sentence beginnings and guess how the sentences end. Allow students to ask questions and look up words in their dictionaries to ensure they understand the language they encounter.
- ② Hand out Part B and ask the students to match the endings of the sentences with the beginnings.
- ③ Check answers and ask students if they had guessed correctly.

### Answers

1 G 2 O 3 M 4 I 5 L 6 H 7 F 8 B 9 C 10 K 11 A 12 J 13 E  
14 D 15 N

- ④ Ask the students to read out the sentences round the class and check pronunciation.

## Follow-up

- Ask students to look at the sentences again and write similar sentences about their favourite actor. Students could do this for homework so that they can do research and find the information they need.
- They can then read out their sentences to the class, and their classmates have to guess who they are describing.
